

Appl. No. 09/601,913  
Amdt. dated November 14, 2005  
Reply to Office action of August 11, 2005

In the Claims:

Claims 1-16 are canceled, new claims 17-20 are added.

17. (new) A device for playing a space game, comprising:  
game elements randomly moving in space outside the Earth;  
a game event assessment means located on board a space  
vehicle and having game fields, and  
a technical facility for registering a game event  
occurrence, comprising sensors arranged to detect hitting of a  
game field by a game element, located on board the space vehicle;  
a telemetry channel for transmitting game event occurrence  
data outside the Earth to the Earth.

18. (new) The device for playing a space game according to  
claim 17, wherein said game elements comprise space waste.

19. (new) The device for playing a space game according to  
claim 17, wherein said game elements comprise meteorite  
particles.

20. (new) The device for playing a space game according to  
claim 17, wherein said game elements comprise mainly meteorite  
particles and space waste.
